

This COVID-19 Policy is for US based trainings only.

Due to the COVID-19 Pandemic, all in person trainings may be subject to move online. With the uncertainties brought on by the pandemic, SEI recommends that all attendees purchase travel insurance when making travel arrangements.

At this time, we have the following COVID-19 precautions in place for all our in-person trainings. This was created with legal counsel.

Masks may be required for fully vaccinated individuals if the CDC, state, city, venue or SEI requires them. Please check the COVID-19 tab on the Event Summary of your training for mask mandates. Fully vaccinated means that you have received both doses of either the Pfizer or Moderna vaccine at least a full 2 weeks before the start of the training. Or have received the Johnson and Johnson vaccine at least 2 full weeks before the start of the training. Masks are required for unvaccinated individuals.

Vaccines, proof of the vaccine, or negative COVID-19 tests are NOT required to attend in person trainings unless the CDC, state, city, or venue mandates require them. Please check the COVID-19 tab on the Event Summary of your training for vaccine, proof of vaccine, or negative COVID-19 test mandates. If you are uncomfortable with this, please stay home.

If you are feeling ill or have been exposed to anyone who has been ill, please stay at home.

At the trainings, individuals will have the option to indicate their comfort level with social distancing with stickers placed on their name tags.

A green sticker indicates: I am comfortable with you approaching me.

A yellow sticker indicates: Please ask to approach me.

A red sticker indicates: Please stay socially distant.

Individuals should practice social distancing if required by the CDC or city/state mandates.

All participants attending an in person training will be required to sign a COVID-19 release form. Release forms will be available at the trainings to sign before entering. If individuals do not sign the COVID-19 release form, they will not be allowed to attend the in person training.

If you are uncomfortable with anything included in this policy we encourage you to stay home. We have online options available or you can wait to take the in person training at a time where you are more comfortable.

Please note that this policy is subject to change, and that while we will update students on any changes made to this policy, we advise you to (1) check with your coordinator prior to the start of your training or (2) check for updates on your event summary by visiting the [Training Calendar](#).
